North Carolina. The election returns for and against the State Convention to reform the Extract from a Speech of Judge Caddock State Constitution have not as yet come in sufficiently to warrant a conclusion as to the result. The indications would seem to favor the conclu-sion that the Convention would be Caddock, in Frankfort, Kentucky, 3d defeated. As it was given out by July, 1871, upon the validity of the Fourteenth and Fifteenth amend-Akerman and other equally venal officials and tools of His Majesty Ulysses of the United States. the First, that the Convention would | The constitution of government is be set aside and its work overthrown of higher dignity than a statute; is me that this is by the United States Government, the result may be easily accounted for.

Many of the timid would fear and it. And whilst it is made subject to many of the despairing omit to vote to it. The Government has by a ly ordained and established it, to-wit: threat only interfered with another the people of the respective States, State right. Such, if the Convention acting as separate sovereign commuis defeated, and perhaps in any event, will be another "accomplished fact."

A FAMILY POISONED.

Let the Departurists rejoice.

A Soul-Harrowing Scene-A Mother Per sons Herself and Three Childrug with Strychnine.

From the Savannah News, July 25] The most awful and appalling tragedy that has stirred the hearts any community in this section for many a year, if ever before, occurred Central railroad, about 3 o'clock yesterday morning. Mrs. Ash, the wife nor any other portion of the Constitufor a short time past, been slightly de-Mrs. Ash sat down and wrote a long letter, to whom we could not ascertain : her husband read the letter, but did not suspect anything, although it contained an account of her feelings toward certain members of her family, with whom there was some unleasantness. Mr. Ash took all three of the children in bed with himself and his wife. Mr. George Patterson, a friend and relative of Mrs. Ash, occupied another room. About three

children, discovered that it was quite ty of the people, She finally took him to the Dying in rapid succession, one after another, the mother, although the first to take the poison, from the discovery of the deed to procure any aid, although a physician was immediately sent for. He arrived in time to save the father, who, in his efforts to discover what the drug was, had swallowed enough to render his condition dangerous. Mr. Patterson came to this city yesterday afternoon to procure coffins to bury the dead, and as soon as he returns an inquest will be held previous to the inferment.

LAKE COUNTY

Growing Crop.

From an Occasional Correspondent.] TIPTORVILLE, August 3 .- Lake county has existed in the records of the State less than one year, having by a special clause in the new Const tion and an act of the Legislature been taken from the county of Obion. We have but a small territory, it is true, but our bounds, limited as they are, are the most fertile, most desirable portion of the State. Or western boundary is washed, the whole length, by the great Mississippl, on whose bosom is borne the products of the whole country, and Reel Foot lake is our eastern boundary, which abounds with the finest fish and fowls in great dustrious, peaceable, and, as a whole, by the New Departure gentlemen to

act set this country in as good condition as at the commencement; but the people, once cut loose from the thraidom of war, yet oppressed by the

THE AMENDMENTS.

of Kentucky.

The following is an extract from a ments (so-called) to the Constitution

fundamental, and is not within the THE TRUE POSITION FOR THE DE- ADY. nities. The fifth article provides that PROPOSITIONS OF AMENDMENT

can only be made by Congress, when two-thirds of both Houses shall de it necessary, or by a convention called upon the application of two thirds of the several States for proposing amendments, which, in either case, shall be binding only when ratified by the Legislatures of three-fourths of the several States, or by conventions in three-fourths thereof.

Thus it will be seen that the only agency which Congress can exercise in the process of amending the Con-stitution consists simply in the submission of propositions of amendment to the States. To do which the Conin Effingham county, about two stitution requires the concurrence of miles above Station No. 11, on the two-thirds of both Houses of Congress. stitution requires the concurrence of There is nothing in the fifth article

of John H. Ash, formerly of this city, killed her three little children and afterward committed suicide by administering a sufficient quantity of strych-nine to produce almost instantaneous amendment have been properly subdeath. It appears, from what we could learn from a gentleman who was an ratified by three-fourths of the several eye witness to the horrifying scene, that Mrs. Ash, formerly Miss Laura Basher, of Effingham county, had, THE LANGUAGE OF THE CONSTITU-

TION ranged; at least she was suspected of teing in this condition from certain singular appearances and conduct, noticeable to those nearest conduct, noticeable to those nearest conduct. conduct, noticeable to those nearest the Legislatures of three-fourths of the several States, or by conventions in with her. However nothing serious was apprehended, except that her husband felt a little anxious about her, and communicated with her brothers on the subject. This was all. No more serious apprehension was felt, although her husband continued to keep a strict watch over her conduct. A short time previous he had purchased a small bottle of strychnine for the purpose of destroying rats and dogs that were rapidly killing of their poolitical corporations, or that the people, is it true that the States, as separate political corporations, or that the people was and I have no fears but that when it will nate have no fears but that when it will act in such a way as to preserve its principles, honor, and dignity, and promote the prosperity and happiness of the country. And not only so,, it will nominate a Democrat of unquestioned integrity and of undoubted all legiance to the principles of Democracy, as our standard-bearer in the President of the country. And not only so,, it will nominate a Democrat of unquestioned integrity and of undoubted all legiance to the principles of Democracy, as our standard-bearer in the President of the country. And not only so,, it will nominate a Democrat of unquestioned integrity and of undoubted all legiance to the principles of Democracy as our standard-bearer in the President of the country. And not only so,, it will nominate a Democrat of unquestioned integrity and of undoubted all legiance to the principles of Democracy as our standard-bearer in the possible that there is no tribunal in which this important question can be substantial. It would be a triumph of principle and not a mere change of the propose indicated. dogs that were rapidly killing of their poultry. This he secreted in the night lime, taking the precaution to lock it ap in an old bureau drawer, hiding the key in a place least likely to be discovered by his wife, no other person in the house knowing of the hiding place. Sunday night all went to ing place are declared to have been ratified? Is it true that the States, as separate principle and not a mere change of spollsmen. It would give peace and quiet to the country, and relieve the public mind from that constant anxious facts upon which these amendments are declared to have been ratified? Is it true that the States, as separate principle and not a mere change of spollsmen. It would give peace and quiet to the country, and relieve the public mind from that constant anxioty in regard to the future which is now felt by all reflecting men.

With such a standard bearer there would be a departure; a departure of the leading colored to the future of the country, and relieve the public mind from that constant anxious facts upon which these amendments are declared to have been ratified? Is it true that the States, as separate principle and not a mere change of spollsmen. It would give peace and quiet to the country, and relieve the public mind from that constant anxious facts upon which these amendments are declared to have been ratified? Is it true that the peopolismen. It would give peace and quiet to the country, and relieve the public mind from that constant anxious facts upon which these amendments are declared to have been ratified? Is it true that the peopolismen. It would give peace and quiet to the country, and relieve the public mind from that constant anxious facts upon which these amendments are declared to have been ratified? Is it true that the peopolismen. as is alleged, he is clothed with the

Examination of Witnesses-Statistics from the Treasury Department.

THE EXPLOSION.

New York, August 5 .- At this New YORK, August 5.—At this morning's investigation into the cause of the Westfield explosion, David Anderson, a practical engineer, testified that fifty pounds of steam would not have sundered the boiler.

Levi F. Smith's testimony created amusement. He believed the explosions are considered by inviting and the second that the second control of the tion of Catholies. sion was caused by igniting gases in the boiler. He believes steam is gas. When asked if there was other gas in the boiler, he answered that it might

have been oxygen.

George Elassers and Otto Grummet,
wounded by the explosion, died this morning, making the total number of deaths ninety-six.

R. H. Thurston, Professor of the Mechanics' and Engineering Institute at Hoboken, accounted for the explos-

ion by internal grooving, caused b Robert Crasson, a fireman who escaped, testified that they tried the water cocks and found them all right,

the shut furnace door fire being an ordinary one, when he noticed steam oursting out, and he ran for life. The witness was here rigidly cross examned, with a view to discoverin whether any drink was kept on board for the use of himself and the crew. He added that lager beer men coming across on the ferryboat with loads of beer would sometimes tap a keg for themselves. They would oc casionally give some to the crew. Charles W. Copeland stated that he was a mechanical engineer. He said that to his mind the cause of the explosion was plain; in fact, his impresit does not follow that the man robbed shall not only part with his money, but afterward voluntarily ratify the robbery. This is, however, what the "robbery. This is, however, what the "may departure" man substantially researched and a number of the Twenty-third ploated was plant; in fact, his impression was plant; in fact, his i "new departure" men substantially of passengers slightly injured. The boiler. He stated that the explosion cause of the accident has not been originated in the cracks. The Inspector could not get at the crack on THE NORTHERN WING OF THE PARTY favor the "New Departure," and that The witness said he was acquainte with Matthews for thirty years. He

knew him to be an excellent me chanic and expert engineer. Adjourned till Monday. STATISTICS. Washington, August 5.—A record of steamboat explosions, kept in the office of the Board of Supervising Inpectors in the Treasury Department hows there were more lives lost by the Westfield disaster than by all the steamboat explosions which have occurred in either of the two past years. In 1869, there were fity-seven lives lost by explosion on steamers of all characters, including the River Lake and Ocean craft, and in 1870 the num ber was only fifty-four, of which thirty three were passengers and twenty-
